Hi Ignacio—

My staff have determined that we have no documents responsive to this subpoena. Similarly, Sam Borries of Emergency Response and Mick Hans in the Community Right to Know group had no knowledge of this site. Can you think of anything else the programs should do? Is it OK for me to notify the OGC lawyer? At this point I assume I will just sit and wait until it gets converted into a FOIA and comes through normal channels.

Julie,

I checked to determine if we had any files in the Records Room for CSX Transportation Inc EPA ID# OHD 000 816 892 located at 28531 East Broadway, Walbridge OH. According to Records Personnel, no records were on file in the Records Room for OHD 000 816 892.

Thanks Julie for the RCRAInfo link. I checked RCRAInfo and found the following information based on the address provided in the information sent by Gary:

- (1) the facility listed in RCRAInfo is CSX Transportation Inc EPA ID# OHD 000 816 892 located at 28531 East Broadway, Walbridge OH
- (2) no inspections or enforcement activities have been conducted by USEPA or OEPA

I can check the file room for any files once I return to office.

I think you can access it from home, it's at <https://rcrainfo.epa.gov/> rather than an intranet site.

Julie,

Can I pull up RCRAInfo outside of the office. I can see the public RCRAInfo from an AWL but not the EPA RCRAInfo.

Does ORC have access RCRAInfo?

Cindy,
Please pull the RCRAInfo information for this site and let me know.
Thanks,
Julie

Hi Julie & Cindy--

This subpoena regards a CSX facility in Walbridge OH, specifically about a November 2010 leak from a railcar. Can we look up to see if this is a RCRA generator/tsd, and if yes figure out if we have a file for the site. It sounds to me like it might be a SF Emergency Response site as opposed to a RCRA site.

Gary,

Please find attached the subpoena for documents we briefly discussed on the phone this afternoon. As noted, I am in the process of converting the subpoena into a FOIA request as per our "Touhy" regulations. As part of this process, I need to identify a "lead" office for responding to the request. If an R5 office is indeed likely a principal custodian for any responsive records EPA may have, I would appreciate it if you or one of your colleagues could please let me know which office should be assigned to respond to the FOIA so I may properly inform the requester.

Thanks,
